

THE CRAWFORD CRONICLE

Issue: 3

Thanks again for taking time out to read our regular feature. With spring having sprung already “With a Bang” those of us that live in CANTERBURY, suddenly there is a positivistic air to end the year. Is this because of the Weather???

This is possibly due to the much awaited and exciting release of our “White Oak Range”. By now you would have received a copy of our colour flyer and the information sheet we printed to go with this.

WOW!!! We Just Love It!! Thanks for all the positive responses we have had from you. Your orders are showing that it’s a winner!! If you haven’t got a “Launch” leaflet by now, it may mean you are not on our mailing list!! Please let us know and we will rectify this as soon as possible. **YOU ARE IMPORTANT TO US!**

Remember to place your orders early for Christmas to be prepared for the rush. We are ready to serve you!!

This month we feature some more of our team both in the factory and in the office. Thanks for the positive feedback we are receiving about this section its nice to know this is what are readers want to know. One of the good things about writing the newsletter yourself is that you can generally write whatever you like about some people because you THINK you can chose who is featured but alas, no, we all apparently have to have a turn so here goes! I have had lots of volunteers to write something about me, but hopefully I will get away with this. We'll see!!

Vicki, Donald's Partner in the business and in his life. Married for 15 years with 4 delightful children Vicki keeps herself very busy. Working in the business for 3 days helping in the office Vicki is an integral member of our team. Aside from this Vicki loves to spend time catching up with friends for Coffee and SHOPPING!! In her spare time, which there is not a lot of, Vicki does aquarobics and is the resident author and editor of the Styx Post. A local Rag in Brooklands. Vicki has also been known to rupture the odd archillies tendon while running to get home for the Fire Alarm to relieve Donald for fire fighting.

Lea is our longest serving staff member clocking in 8 Years this month. Married to Pete and having 3 awesome children, her interests are walking, reading, gardening, coffee with friends, and SHOPPING. Lea is also getting really good at being hit when her son bowls 95kms p/h, cricket balls to her and expects her to hit them. She will have to move quicker or learn to hit the ball faster than that!! Aside from this Lea Manages the Office and works 3 days per week and has seen lots of positive growth in our business but is sure we will always have that "Quality Service" that you find in a small company.

"To Brighton your Day"

A wife complains, "Our wall clock almost killed my mother today. It fell only seconds after she got up from the couch."

The husband mumbles, "Damn clock. Always was slow."

Two expectant fathers were pacing the floor in the waiting room.

"What lousy luck," one said. "This had to happen during my vacation."

"You think you have tough luck?" the other said. "I'm on my honeymoon."

That's all from us for now, so until next time.

Cheers
