

THE CRAWFORD CHRONICLE

As most of you will know Crawford Mouldings are Picture Moulding Manufacturers and have been in business since 1980. From its early beginnings of a two person team, Donald Crawford has grown the business to what is now a team of 11 people. To find out more about Donald and his team check us out online <http://www.picturemouldings.co.nz/> but for now sit back and check out our latest addition to our Services.

Welcome to the first edition of our regular feature "The Crawford Chronicle" and Thanks for taking the time to read this. Firstly we would like to introduce you to a few of our team. Some of you have dealt with us for many years and may never have met us.

Donald, a keen Kaikoura fishing personality recently had a rather impressive haul of Crayfish over the Christmas period and didn't do too bad on the fish either. Donald owns and works in the business. His love for his Four Sider is Second to None; although I'm sure Vicki wouldn't like to hear that, or his "awesome foursome" children.

Stu, our Factory Manager is a keen Trout and Salmon fisherman and jet boat enthusiast. He is ever helpful in trying to keep the efficiency of the production running as well as aiding in coming up with new finishes to bring to you.

Brian, is our super efficient storeman with personality plus on the phone. Brian affectionately known as the "Old Man" in our team is a delight to have a laugh with in the tea room and is our in house expert on which horse we should pick when our Social Club gets together for our Six Monthly "Race" nights. Aside from that Brian ensures he gets our products to you as soon as possible

We will feature more of our team in our next newsletter, but for now its back to the busy year we are hoping you are all having.

We would love to hear your feedback on our newsletter also on any part of our business, whether it negative or positive. We relish the idea of improvement and ensuring we are giving you what you want in the market place.

You are welcome to ring, email or write to Donald, Stu, Lea or Vicki at any time. The office is not manned all the time but there is always somebody answering the phone.

Our Feature range this month is our **55 RANGE**

[55_F41](#)

[55_F43](#)

[55_F44](#)

[55_F45](#)

[55_F46](#)

[55_G6](#)

This has been a hugely popular range for us for nearly two years now. The "**55 range**" was developed through listening to customer feedback and building on this. Nice "Gold's" in here for the framing of those "**LORD OF THE RINGS**" celebration pictures that are sure to come out!!! Incidentally, those of you who were lucky enough to see the partial display at Te Papa in Wellington of the "**LORD OF THE RINGS**" pictures, it may interest you to know they were framed in our "**Night Fire**" Colour Collection:

355/3908

356/3908

and our 455/3908

This collection is currently touring all around the world having been already to, Boston, Sydney and is currently in Singapore with its next stop possibly Sydney again. There is also a whisper that it may be coming back to Wellington for another visit afterward. A "must", one would say!

That's about all from us for this month; remember our aim is to update you regularly but to keep this as short so we hope you have enjoyed our first edition. **HAPPY BROWSING**

The team at Crawford Mouldings

Check out also our latest additions to our range available online @ <http://www.picturemouldings.co.nz/>.
