CUSTOM RUN
MOULDING
TO YOUR NEEDS

Dear Customer,

We are very pleased to bring you this new catalogue which illustrates our finest range of mouldings. With over 580 mouldings we are confident that there will be something in here for everyone. Saying that, our philosophy is 'moulding to your needs' so if you want something special then do not hesitate to contact us about a special run.

Looking back to the humble beginnings of Crawford Mouldings in 1980, I am proud to say that nearly 35 years later Vicki and I still own and run the business. The time spent in this industry has taught me a number of things, however there are four main principles that have stuck with me and they form the cornerstones of Crawford Mouldings. When you pick up the phone, use the fax or the internet to make an order with us you can rely on customer service, quality, supply on time and value for money.

We are proud of our New Zealand heritage, our New Zealand ownership, our policy of using New Zealand timbers and also supporting 'Buy New Zealand Made'. We make an effort to support New Zealand businesses as being part of these networks is important and we urge you to do the same — if we all support New Zealand business, we have it made.

With 35 years of industry experience we can confidently say, "we know our industry". Our mission is simple:

'Our purpose is to provide our customers with superior products and service and to ensure a company philosophy of flexibility by 'moulding to your needs.'

Crawford Mouldings is proud to provide products and services to the picture framing industry and we thank you for your support. All our mouldings are available direct from our factory in pack, single length or chop. If you need more information please visit our website or contact us.

We look forward to doing business with you.

Yours sincerely,

A handwritten signature in black ink, reading "Donald Crawford". The signature is fluid and cursive, with the first letter 'D' being particularly large and stylized.

Donald Crawford
Owner, Crawford Picture Mouldings

New Zealand owned, New Zealand timbers ...

Please Note: Every effort has been made to ensure this catalogue provides an accurate likeness of our products, however due to normal variation in the processes involved with photography, lighting, printing, the application of finishes and other factors out of our control some slight variances may occur in colour and finish, both between this catalogue and actual mouldings and between different examples of the same moulding. Additionally, because wood is a natural product, some slight imperfections in appearance may occur due to the natural variation and character of the wood itself.
